- Supports regulatory requirements of finished products
- Supports the timely receipt and release of finished products.
- Prepares and executes method development, validation plans and protocols for the laboratory.
- Supports the document control system & record retention.
- Ensures laboratory equipment is calibrated & properly maintained at all times
- Executes and supports batch record reviews to ensure timely release of finished product according to schedule.
- Develops and implements Standard Operating Procedures.
- Promotes the maintenance of a safe, accident free and healthy work environment.
- Performs related duties as assigned.

EXPERIENCE AND EDUCATIONAL REQUIREMENTS:

- BSc in a scientific discipline; minimum of two (2) years in a cGMP facility in a Quality Control role.
- Experience in **HPLC (High Performance Liquid Chromatography) is required.**

MINIMUM SKILLS, KNOWLEDGE AND ABILITY REQUIREMENTS:

- Excellent oral and written communication skills

Ability to effectively participate in cross-functional problem solving teams
Ability to read and understand the English language for the purpose of following instructions
Ability to develop and maintain cooperative working relationships with others.
Ability to use good judgment in order to carry out detailed instructions
Ability to work independently
Excellent teamwork and interpersonal skills
Ability to handle a variety of tasks simultaneously
Good problem solving skills to evaluate quality problems and apply knowledge to identify appropriate solutions.
Attention to detail
Computer literate
Good knowledge of Quality Assurance, cGMP and GLP.
Experience in using HPLC in a GMP environment.

Interested candidates should send their CV to Audrey.mccarthy@peglobal.net or call 0214297900

Although it is not possible for us to respond to all applications, we at PE Global will do our utmost to give you feedback on your application. You have sent your Cv into us as a company and even though you have sent your CV to a particular position, we are making the reasonable assumption that you are active on the job market and as part of our normal recruitment service we will discuss other suitable positions with you. You are free to opt out of this so please specify in your application to us if you just want to be contacted in relation to a specific vacancy. Your Cv is sent to a central recruitment inbox which a number of people in the applicable PE Global division have access to and so this means that you might not be contacted by the named person in this advert.
